

You have probably wondered when our next publication of Scientia will be published. Well, we have been busy the last year revising our concept. With a bit of a delay for our online audience, we are now proud to present you the first online version of our new magazine iKNOW, which replaces Scientia. We published the first print issue back in October right before the ICICKM Conference. Thanks to a collaboration with SE-ED iKNOW will now be published online in their digital magazine bookstore at <http://www.se-edmagazine.com> . This first version is only available in flash but future publications will be readable on devices that are not supporting flash! So long you can download this issue in

[pdf-format \(23MB\)](#)

as well. Of course, future publications will be online right away after the print version is released.

We have completely re-designed the content, changed the focus a bit and will introduce central themes starting with the next issue, which will be released early March. iKNOW will be published twice a year in March and August

Enjoy reading!
